My role is to give confidential advice and information about how drugs and alcohol can affect young people.

I can also refer you into the Early Break service so you can get 1 to 1 support to help you with any drug or alcohol issues.

So if you would like to talk to me about how drugs and alcohol affects you or someone you know then you can speak to me by phone or you can ask your form teacher, head of year or any member of staff to arrange a 1 to 1 meeting with myself.
